

## Privacy Notice for students (also provided to parents and carers)

If you would like any part of this letter explained, you can ask a parent/carer or another adult such as a teacher to help you understand it.

With the introduction of a new law about the how organisations use data (the General Data Protection Regulation, or 'GDPR') we have to tell you how we use the data/information we have about you. It is about how we use information about you and what we do with it. We call this information about you 'personal data' or 'personal information.'

### Who we are

You already know that your school is called The Hazeley Academy and its address is The Hazeley Academy, Emperor Drive, Hazeley, Milton Keynes, MK8 0PT. The Academy is the organisation which is in charge of your personal information (this means The Hazeley Academy is called the 'Data Controller').

If you want to contact us about your personal information you can contact our Data Protection Lead who is Mr Whitney. You can speak to him in school or you can leave a letter at reception or send one by post.

### How we use student information

The Academy collects and holds personal information relating to our students and may also receive information about them from their previous school, local authority and/or the Department for Education (DfE). We use this personal data to:

- support your learning
- monitor and report on your progress
- provide appropriate care for you; and
- assess the quality of our services

The Academy complies with the law about sharing personal data

This information will include your contact details, national curriculum assessment results, attendance information, any exclusion information, where you go after you leave us and personal characteristics such as your ethnic group, any special educational needs you may have as well as relevant medical information. We will also use photographs of you. More details about this are in our photograph policy.

For students enrolling for post-14 qualifications, the Learning Records Service will give us your unique learner number (ULN) and may also give us details about your learning or qualifications.

The use of your information for these purposes is lawful for the following reasons:

- The Academy is under a legal obligation to collect the information or the information is necessary for us to meet legal requirements imposed on us such as our duty to safeguard students.
- it is necessary for us to hold and use your information for the purposes of our functions in providing education and so we can look after our students. This is a function which is in the public interest because everybody needs to have an education. This means we have a real and proper reasons to use your information.
- We will not usually need your consent to use your information. However, if at any

time it appears to us that we would like to use your personal data in a way which means that we would need your consent then we will explain to you what we want to do and ask you for consent. This is most likely to be if we are involved in activities which are not explicitly part of our role as a School but we are involved because we think it would benefit our students. If you give your consent, you may change your mind at any time. If we think that you will not understand what we are asking then we will ask a parent or carer instead. Usually, we will involve your parents even if you can make your own decision.

When we collect personal information on our forms, we will make it clear whether there is a legal requirement for you/your parents/carers to provide it, whether there is a legal requirement on the school to collect it. If there is no legal requirement then we will explain why we need it and what the consequences are if it is not provided.

### **When we give your information to others**

Once students reach the age of 13, the law requires us to pass on certain information to the Local Authority who has responsibilities in relation to the education or training of 13-19 year olds. We may also share certain personal data relating to students aged 16 and over with post-16 education and training providers in order to secure appropriate services for you. A parent/carers can request that **only** their child's name, address and date of birth be passed to external services by informing Mr Whitney. This right is transferred to the student once s/he reaches the age 16. For more information about services for young people, please go to Milton Keynes local authority website.

We will not give information about our students to anyone without your consent unless the law and our procedures allow us to do so. If you want to receive a copy of the information about you that we hold, please contact Mr Whitney, Assistant Principal.

We are required, by law (under regulation 5 of the Education (Information about Individual Pupils) England Regulations 2013, to pass some information about our students to the Department for Education (DfE). This is the part of the Government which is responsible for schools. This information may, in turn, then be made available for use by the Local Authority.

The DfE may also share information about students that we give to them, with other people or organisations. This will only take place where the law, including the law about data protection allows it.

#### **The National Pupil Database (NPD)**

The NPD is owned and managed by the Department for Education and contains information about pupils in schools in England. It provides invaluable evidence on educational performance to inform independent research, as well as studies commissioned by the Department. It is held in electronic format for statistical purposes. This information is securely collected from a range of sources including schools, local authorities and awarding bodies.

We are required by law, to provide information about our pupils to the DfE as part of statutory data collections such as the school census. Some of this information is then stored in the NPD. The law that allows this is the Education (Information About Individual Pupils) (England) Regulations 2013.

To find out more about the pupil information we share with the department, for the purpose of data collections, go to <https://www.gov.uk/education/data-collection-and-censuses-for-schools>.

To find out more about the NPD, go to [National pupil database: user guide and supporting information - GOV.UK](#).

The Department may share information about our students from the NPD with third parties who promote the education or well-being of children in England by:

- conducting research or analysis
- producing statistics
- providing information, advice or guidance

The Department has robust processes in place to ensure the confidentiality of our data is maintained and there are stringent controls in place regarding access and use of the data. Decisions on whether DfE releases data to third parties are subject to a strict approval process and based on a detailed assessment of:

- who is requesting the data
- the purpose for which it is required
- the level and sensitivity of data requested: and
- the arrangements in place to store and handle the data

To be granted access to pupil information, organisations must comply with strict terms and conditions covering the confidentiality and handling of the data, security arrangements and retention and use of the data.

For more information about the department's data sharing process, please visit: <https://www.gov.uk/data-protection-how-we-collect-and-share-research-data>

For information about which organisations the department has provided pupil information, (and for which project), please visit the following website: <https://www.gov.uk/government/publications/national-pupil-database-requests-received>

To contact DfE: <https://www.gov.uk/contact-dfe>

We will also normally give information about you to your parents or your main carer. Where appropriate, we will listen to your views first. We will also take family circumstances into account, in particular where a Court has decided what information a parent is allowed to have.

We will also disclose your personal data to relevant organisations as appropriate. For example (this is not an exhaustive list):

- your new school if you move schools
- disclosures connected with SEN support – eg non-LA professionals
- the School nurse
- the School Learning Mentor/Counsellor
- CAMHS (Child and Adolescent Mental Health Service)

The information disclosed to these people/services will include sensitive personal information about you. Usually this means information about your health and any special educational needs or disabilities which you have. We do this because these people need the information so that they can support you.

Our disclosure of your personal data is lawful for the following reasons:

- the School is under a legal obligation to disclose the information or disclosing the information is necessary for us to meet legal requirements in our duty to look after our students and protect them from harm.
- it is necessary for us to disclose your information for the purposes of our functions in providing your education. This is a function which is in the public interest.

- we have a legitimate interest in disclosing your information because it is necessary in order to provide our students with educational and pastoral care and connected purposes as outlined above.
- we will not usually need consent to disclose your information. However, if at any time it appears to us that we would need consent then this will be sought before a disclosure is made.

It is in your interests for your personal information to be passed to these people or services. Where we need to ask for consent, we will ask once we think that you can understand what we are asking. This is because the law requires us to ask you if you can understand. Normally, we involve your parents/carers as well. By law we won't need their consent if you can give it but parents like to be involved because it is part of looking after you. Before you are old enough to understand we will ask your parents to consent for you.

We do not normally transfer your information to a different country which is outside the European Economic Area. This would only happen if one of your parents lives abroad or if you move to a new school abroad. If this occurs we will be careful to make sure that it is safe to transfer your information. We will look at whether that other country has good data protection laws for example. If we cannot be sure that it is safe then we will talk to you and your parents/carers about it and make sure that you are happy for us to send your information. As this is not something we normally do and we don't know which country we might need to send your information to, we cannot tell you more about it now but if we want to transfer your data to a different country then we will tell you whether or not we think it is safe and why we have decided that.

### **How long we keep your information**

We only keep your information for as long as we need to or for as long as the law requires us to. Most of the information we have about you will be in our student files. We usually keep these until your 25<sup>th</sup> birthday unless you move to another school in which case we send your file to your new school. We have guidance which explains how long we keep information. It is called the Records Retention Procedures and you can ask for a copy at reception.

### **Your rights**

#### **You have the right to:**

- ask us for a copy of the information we have about you
- ask us to correct any information we have about you if you think it is wrong
- ask us to erase information about you (although we may have good reasons why we cannot do this)
- ask us to limit what we are doing with your information (if we are able to)
- object to what we are doing with your information (if it is not being used correctly)
- ask us to transfer your information to another organisation in a format that makes it easy for them to use (if we are allowed to).

There is more information in our Data Protection Procedures or you can ask Mr Whitney,

You can complain about what we do with your personal information. If you are not happy with our answer to your complaint then you can complain to the Information Commissioner's Office:

Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire SK9 5AF. Tel: 0303 123 1113 (local rate) or 01625 545 745 if you prefer to use a national rate number.
