

Yr 9 Summer Maths Homework

Planning a Summer Holiday

Please see below the instructions for the homework activity;

You need to plan a holiday with full Costs using all the below information;

- 2 adults and 2 children are travelling
- It's a 7 day holiday
- You choose a destination
- Research flights (direct flights or 1 stop)
- Select a Hotel (is breakfast included?)
- You need to research and find the cost of a minimum of 3 holiday experiences/excursions (e.g. desert safari, snowboarding, historical tour guide)
- How much spending money will you take with you? What exchange rate can you get and where from?
- How much will it cost for souvenirs (for example a small model of Eiffel tower, or magnets for the Burj Khalifa)
- TOTAL COST
