

Dear Parents/Carers,

19<sup>th</sup> March 2021

We have reached the end of the PPE period and Year 11 have performed incredibly well, despite this being their first attempt at PPE's in the exam hall. Thank you for working with us to achieve a smooth transition, from virtual learning into the exam period and the mass testing programme.

Year 11 will receive vital information in their Lead Lesson on Monday, which will elaborate on the remaining mini assessments taking place after Easter. As the Sports Hall will be hosting the Year 13 PPE's until Wednesday, may I ask that your child enters the school for 9am via the Gym.

For students who are studying the Further Maths course, please be advised that the **Further Maths exams (26th, 29th April and 10th, 13th May)** will extend beyond the normal school day. We apologise in advance for this. If you or your child has any questions about these, please can they speak to their Further Maths teacher, in the first instance.
