

Hazeley Updates and Reminders

11th June 2021

Dear Parents / Carers

Welcome to the latest updates and reminders; we hope that they help you work even more closely with the staff at Hazeley for the benefit of your child and our wider 5D Hazeley community.

Do you have 3 minutes to help improve your child's school?

Your views matter to us. If you could spare a few moments, we would welcome your feedback - [Parent Survey](#)

Face coverings in school

From Monday 14th June we will require students and staff to continue to wear face coverings in communal spaces and in the corridors unless they have an exemption, but they will be able to remove them in class if they want to. This situation is being monitored carefully each week against the National and local picture and we will update you of any changes.

Catch up workbooks for Years 7,8 and 9

CGP publishers have produced catch-up workbooks for maths, English, and science which our core team have reviewed and think are excellent. If parents purchase these through the school, we can buy the book bundle for a total for £12 rather than the £22 they would usually cost. If you would like to take advantage of this offer, we have made them available to purchase through ParentPay. This will be available until Friday 25th June so that we can place the order and get them to your children before the end of term.

Life Skills PSHE

We have three more Life Skills PSHE sessions this term which are outlined below. The aim of this personal, social and health and economic education, is to give children the knowledge, skills and understanding to lead confident, healthy, and independent lives.

If you have any questions, please do not hesitate to contact Miss McKenzie - lmckenzie@thehazeleyacademy.com.

	Year 7	Year 8	Year 9	Year 10	Year 12
23 June P1	Careers	Cyberbullying and keeping safe	Employability and social skills	Citizenship - extremism and making decisions	Health and wellbeing
7 July P1	Economic wellbeing (1 st of 2 lessons)	Wellbeing and digital literacy	Developing self-confidence	Careers	
13 July P5	Economic wellbeing (2 nd lesson)	Media and health relationships	Employability and interview skills	Careers	

Do you or your children use WhatsApp? You may need to make changes to your privacy settings to stay secure.

WhatsApp has changed its group settings to include “Everyone” as the default setting. This means that anyone, including people you do not know, can add your personal mobile number, photo status, written status, and other information to a group without your knowledge.

To improve your security, you can change your default settings by taking the following steps within WhatsApp: -

1. Go to Settings
2. Click on Account
3. Click on Privacy
4. Scroll down and click on Group
5. Change selection from Everyone to My contacts or My contacts except...

Click ‘done’ once the change is complete.

More safety information can be found here - [What Parents Need to Know About WhatsApp | Free Online Safety Guide | National Online Safety](#)

And finally...

Hazeley will never expect or offer perfection, but we will do our utmost to work with you for the benefit of your child and our wider 5D Hazeley community.

Thank you for doing the same in return.

Kind regards

Mr Nelson
