

## Year 11 PPE exams – Week beginning 18<sup>th</sup> October

In preparation for the Year 11 Core PPEs (Pre-Public Exams for Maths, English and Science only), we have implemented the following, to offer the best support to your son/daughter, leading up to their mock exams, w/c 18<sup>th</sup> October.

- **A revision timetable** has been created, with the necessary topics allocated to each day, leading up to the mock exam. Students have the option of creating one themselves, using the blank template or they can opt for the completed version, for ease. Additionally, we have offered to print copies for those wishing to have a hard copy, alternatively, students can opt for an electronic copy, to then access on their devices at home or on the computers at school. The electronic copy can be located via your child's form group folder on Teams.
- **Parents Evening (Virtual)** Will provide your child with the guidance required, to acknowledge their strengths but also to identify areas of improvement. We strongly advise your child attends these appointments and takes an active role in noting down their targets or 'areas of improvement' for their core subjects.

All topics which students are required to revise, are listed on their PPE timetable- whether that is a blank copy or a completed copy, but also:

**Maths** - The topic list is on Microsoft TEAMS in their Maths class section and students can revise from the following websites:

- <https://hegartymaths.com/login/learner>
- <https://corbettmaths.com/contents/>

**English** - the recent homework issued the week commencing Monday 20<sup>th</sup> September has a wealth of resources to help students prepare for the Language Paper 2 PPE.

### Science

The science PPEs will be the first paper for each of Biology, Chemistry and Physics. The list of topics included will be updated on the Microsoft Team for each class. Revision resources and past paper questions can be found on the following links:

These three links include content for both the combined and separate science courses. Please use the topic lists to select relevant content for combined science.

<https://www.physicsandmathstutor.com/biology-revision/gcse-edexcel/>

<https://www.physicsandmathstutor.com/chemistry-revision/gcse-edexcel/>

<https://www.physicsandmathstutor.com/physics-revision/gcse-edexcel/>

For combined science only:

<https://www.bbc.co.uk/bitesize/examspecs/zqkww6f> - for combined science only

For separate science only: <https://www.bbc.co.uk/bitesize/examspecs/zcq2j6f> - Biology

<https://www.bbc.co.uk/bitesize/examspecs/zy984j6> - Chemistry

<https://www.bbc.co.uk/bitesize/examspecs/zqpslv4> - Physics

The PPE timetables were issued to students on Monday 4<sup>th</sup> October, there will also be a copy of the school website [Year 11 PPE Timetable](#)

This cohort were fantastic at meeting our expectations during the Year 10 PPEs in June, but just as a refresher, please guide your son/daughter to their Year 11 folder on Teams, to access the equipment list and expectations for the October PPEs.
