Your Learning Route Through ART & DESIGN

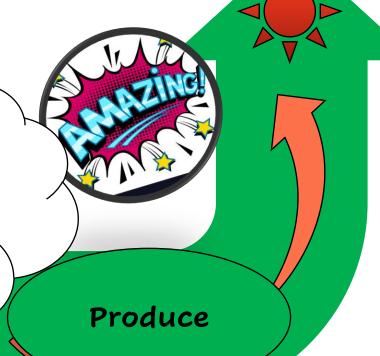

The exam board we use is Eduqas.

The Assessment criteria for all Key Stages, are based on the four Assessment Objectives for Art & Design.

- 1. Investigate
- 2. Explore & Refine
- 3. Record
- 4. Present outcome

Create personal & independent outcomes which reflect your investigations

During Year 11 you consolidate and refine coursework to make it the best it can be. You need to evidence – investigations which inform and inspire you to make responses which are developed into personal and meaningful outcomes.

Preparation for your externally set Exam starts in January and culminates in a practical outcome which is produced in exam conditions in April.

Become a confident independent learner

Investigate

Review, refine and reflect on your work

In Year 10 begin the GCSE course - consisting of two components.

1.Coursework & 2. an Externally set Exam. In Year 10 you complete your Coursework. This is a range of activities in response to a theme. To be successful, you need to evidence: investigations into artists & artworks. Experiment with materials & processes which inspire you to create meaningful connected outcomes.

Printmaking Landscape painting

Drawing Faces
Mask Making
Ceramics

Still Life Painting Year 9

Learn subject specific language

Year 8

In Year 8 you will participate in a variety of thematic projects designed to strengthen and improve your core practical skills in both 2D and 3D materials; and building on the knowledge you gained in Year 7. You also develop skills such as observation and muscle memory; which are transferable to other subjects and important in many careers.

What is art? What makes art good?

How does being a creative thinker help you to learn?

Year 7 you will respond to the theme of The Elements and Principles of Art while exploring ways to make your own art using a variety of materials and processes. You will also investigate a range of artists, artworks and cultures.

You will develop your fine motor skills, build confidence in your abilities and gain an understanding of how and why others make art.

The Elements & Principles of ART

Quality plus quantity makes an amazing portfolio

Respond to feedback Think outside the box

Assessment Objectives

Art & Design are:

- 1. Investigate 2. Explore & Refine
- 3. Record
- 4. Present outcome

You begin your Year 13 coursework project called your "Personal Creative Investigation", in May of Year 12. This differs from your Year 12 project because it has a written component. This is completed by February and when you begin preparation for your Externally set Exam, which is completed in April over three days.

Source a variety of information Be reflective

Think critically to solve problems

thinker.

Make informed judgements -Meet deadlines

In Year 12 you complete a half term of Foundation Workshops to refine existing skill sets and to explore new ones.

You begin your "Personal Creative Enquiry" in the second term and complete it in June. This differs from GCSE because you choose your own subject of investigation.

Explore ideas, materials & processes

- > A Level Art & Design is a two year linear course.
- > We follow the Eduques Exam Board.
- > There are three components -
- > 1. Year 12 Coursework (Personal Creative Enquiry)
- > 2. Year 13 Coursework (Personal Creative Investigation)
- > 3.Externally set Exam (Year 13 only)

- Develop your journey -Investigate. Experiment. Review. Refine. Respond. Record. Extend

Become an independent, skilled & creative learner! Become an investigative, experimental, proactive and lateral CRITICAL

Develop transferable skills which contribute to your chosen career.
