

The Hazeley Academy Self Evaluation Form (SEF)

2020/2021

Context

The Hazeley Academy is highly aspirational, truly comprehensive and oversubscribed 11-18 secondary school of over 1,500 students on the growing western flank of Milton Keynes. Our intake broadly reflects Milton Keynes and England in most key characteristics. Further details can be found in the Hazeley Flight Deck attachment.

The school is 15 years old and in 2018 formed the 5 Dimensions Trust with Shenley Brook End School. The 5 Dimensions Trust website can be accessed by clicking on the 5 Dimensions Trust tab which is on the right-hand side of each page of our website.

The Academy was last inspected in November 2018 and was judged to be GOOD. A copy of the report can be accessed by clicking on the Ofsted link in the "About Hazeley Academy" tab on the website.

Our vision is to "grow a vibrant community of exceptional people", we are values led and these can be summed up by our ambition to develop 'Character, Confidence and Creativity' in young people and each other by growing through taking part, volunteering and knowing ourselves and each other. Further details can be accessed by clicking on the Our Values and Ethos link in the "About Hazeley Academy" tab on the website.

Overall Effectiveness – GOOD/OUTSTANDING

"A stimulating and challenging ethos which enables pupils to make rapid progress and achieve well" **OFSTED 2019**

We consider all aspects of the academy to be at least good, with an increasing number to be outstanding. Details of the evidence can be found in the flight deck on page 2 of this document. We are aiming to rate ourselves as securely outstanding by the end of this academic year when we are confident that the evidence is in place.

Quality of Education – GOOD/OUTSTANDING

"You balance effectively your drive for excellence with the wellbeing of staff and students" **OFSTED 2019**

Intent - We have an ambitious, broad, balanced and an evolving curriculum that aspires to meet the needs of all learners and supports to our local context (Business/ STEAM/ Health and Social Care) and holistic values (Character, Confidence and Creativity). The KS3 Character passport and creativity teaching carousels are key aspects of a Hazeley education.

Implementation - Our teachers are knowledgeable; assessments are reliable, and feedback is effective. Our teaching methodology is focused on the 'Magenta Principles' and is supported by an emphasis upon oracy and metacognition.

Impact – Progress is consistently above national benchmarks across all subgroups, including disadvantaged, SEND and the more able. A very high percentage of our students go on to aspirational destinations and leave the academy as well-rounded people who contribute to the community.

Behaviour and Attitude – OUTSTANDING

"The behaviour of the great majority of students around the school is exemplary" **OFSTED 2019**

Students are committed to their learning and development. Relationships among learners and staff are positive and respectful. Episodes of poor behaviour and bullying are rare and when they do occur, they are dealt with effectively. Attendance is consistently above national levels and

punctuality is good. Our learners and staff show Character, Confidence and Creativity.

Personal Development – OUTSTANDING

“Pupils personal development and wellbeing including their mental health have a high priority and are well provided for” OFSTED 2019

All students are expected to engage in extracurricular activities, volunteer, compete house events and take part our mental health and wellbeing programmes. We aspire for all our students to follow the DofE programme at KS4. The Covid crisis has led to some short term variation in this.

The Hazeley Values, which broadly translate to British Values underpin all that we do and promote citizenship and tolerance with a belief that the differences between us make us stronger.

Leadership and Management – OUTSTANDING

“Your approach to leadership is characterised by your principled and determined pursuit of high standards in all areas of school life” OFSTED 2019

Hazeley is led by its vision and driven by its values, these work in synergy with those of our 5 Dimensions Trust. Our CPD programme is inspired and supported by The 5 Dimensions Leadership and Training Centre (LTC) and each member of staff has a bespoke learning journey that they are supported through.

Leaders are relentless in maintaining high expectations while also ensuring that Hazeley is a great place to work, staff surveys show that they are very successful in doing this. We are all committed to improving efficiency and impact through our systems and actions.

We are connected to our community and use these connections to help all concerned. This ranges from the use of facilities to linking our curriculum to employment opportunities and wellbeing initiatives. We value deeply the connection between school and parents and our surveys show that this is reciprocated.

Our response to the Covid 19 crisis has been to aspire to come back stronger and turn all of the challenges into opportunities. We have worked with our parents to embrace holistic distance learning. Parent surveys show that they very much respect and value working with the school.

Governance is a strength, leaders are supported and challenged appropriately.

Safeguarding is excellent.

To become consistently outstanding in all areas we are focusing on:

- Improving further levels of progress and engagement in lessons and home learning through Magenta, metacognition and oracy.
- Deepening the learning of our students through quality assured Connective Learning Projects
- Optimising the use of Microsoft products to support learning and leadership
- Developing community cohesion through working with parents and promoting tolerance and understanding
- Improving personal development through extending enrichment opportunities and student's self-awareness and control.

The 5 Dimensions Trust - Flight Deck

The Flight Deck illustrates the 5 Dimensions Trusts interpretation of Inspiring (outstanding) against the 5 Dimensions and indicates in red how these are cross referenced to the OFSTED inspection framework.

1	Inspiring (Outstanding)	There are clearly inspirational approaches to offering a whole education. These have a significant impact in adding exceptional value to young people's experience and outcomes in both conventional and other measures. The school models innovative and effective practice and is well placed to influence wider school and system transformation.
2	Impacting (Good)	There is a clear impact across the school which enriches the educational experience of its young people. This is demonstrated through approaches which add value in both conventional and other measures and will be of interest to the wider network.
3	Emerging (Requires Improvement)	There is clear evidence of initial impact demonstrated by examples which are beginning to add value to the quality of the whole education experience across the school.
4	Aspiring (Inadequate)	There is a clear intent to providing a whole education which is demonstrated by examples which are in the early stages of practice and implementation but yet to have a demonstrable impact across the school.

The second column references the evidence used to come to this conclusion. The final column shows the schools evaluation of where they are currently. This document is updated annually on the school website, termly with Governors and a live version is used by the schools executive.
