

The Hazeley Academy 2021 Great Litter Pick

By The Green Team Student Council

Litter in our Community

- Spending more time indoors makes us appreciate the outdoor environment more but as we walk around our local areas and communities, we discover not just the beauty on our doorstep but litter too!
- But there is something that we can ALL do to change this...

House Competition idea

We would like to set up a competition to collect at least 100 bags of rubbish and litter from our local areas.

This is in memory of Captain Sir Tom Moore, who showed us that anyone can make a difference.

Once we have collected the rubbish and photos of the bags, we aim to make a photo collage to share with the local news as a good news story.

How to join in...

- Grab a bin bag and some gloves, a litter picker (if you have one) and start collecting today.
- Email your photo of the bag of litter you have collected to Miss Mckenzie at lmckenzie@thehazeleyacademy.com
- House points for the House and person who collects the most litter.
- Each bag of litter collected will make a difference not just to us but to the animals and plants in our communities allowing us all to grow and thrive!
